

June is National Dairy Month!

Thank you to all of our Dairy Farmers!!

Did you know???

- Dairy is the largest segment of Wisconsin agriculture. Total Ag = \$88.3 billion; dairy = \$43.4 billion
- Americans eat about 350 slices of pizza per second. That's enough to cover more than 90 football fields a day!
- Mozzarella cheese is the biggest-selling cheese variety in the United States, followed by Cheddar.
- Americans eat an average of 14.9 pounds of yogurt per person every year, nearly triple the 5.2 pounds per person Americans consumed twenty years ago.
- If all the ice cream eaten in the U.S. annually were put into cones and stacked on top of each other, the stack would be tall enough to reach to the moon and back.

Agricultural Lending

Our dependable Loan Officers have the background and expertise that you expect from your financial partner. You can count on us to understand the complexities and challenges of today's farming environment.

Lines of Credit

- Finance farm inputs or livestock operations
- ***Very competitive interest rates***
- Borrow on your note whenever you need the funds without re-applying
- Flexible collateral options
