Attention Android Phone & Tablet Users!

Android phones and Android Tablets on version 4.2 will not be able to view Bank of Cashton's Online Banking starting Monday, December 12, 2016.

Android devices that are on version 4.2 use a TLSv1.0, Transport layer security protocol version 1.0. TLSv1.0 has some major security flaws. To protect our customers from risk, we are no longer supporting the TLSv1.0 version.

How do I check Android version? Go to Settings – About Phone or About Tablet – Look for Android version.

If you have further questions, please call us at (608) 654-5121.
