

Identity Theft - How to Protect Yourself

Tax season is a prime-time for scams - Be Aware!

Stay Away from Scams

- Before divulging personal information to anyone, know with whom you're dealing.
- Don't fall for pressure tactics. Never react quickly or impulsively to offers or requests
- Never send money or account information in reply to notices that you won a prize or lottery.
- Be wary of "imposter" scams in which a scammer pretends to be someone close to you or an entity your unlikely to question. During tax season, a popular scam involves a scammer impersonating someone from the IRS. Be aware of who you are talking to!

Identity theft can create havoc in your life, so it is very important to know how to:

PROTECT yourself.

DETECT warning signs.

CORRECT problems that arise if your identity is stolen.
