Transaction Control

You are able to freeze and unfreeze your debit card with a simple swipe of your finger. If you lose or forget where you placed your card, you can simply log into your app and shut it off until it is found or until you have contacted us to get a new card.

Finding ATM's

Finding an ATM access location is easy and convenient using our card control widget. At ATM locations, where VISA is accepted, you can make withdrawals from your checking or savings accounts, transfer funds between accounts, and retrieve account balances.

SWEEPSTAKES SCAM WARNING

In this case, the scammer would send their target a check or something else of value, whether in the mail, email, text or phone call, that indicates the recipient won something. In order to claim the “prize,” the recipient may have to send a check or money order to cover taxes and fees, and may be asked for banking information to deposit the winnings, or to buy something to enter the contest. This is so the scammer can obtain private banking information. The name of the sweepstakes may seem familiar – quite often scammers will do this to make it recognizable.

Legitimate contests do not ask for money or financial information up front. Do not respond to these messages with a check, money order, or cash. It is always best to never provide identifying information to anyone over the phone, text, or email especially your bank account information.
