## HOME IMPROVEMENT SCAM

Scammers target seniors by providing home improvement services in order to gain access to their home, belongings, and personal information. They will arrive at their target's house, offer free inspections, or offer services to fix something they deem "needs work". Scammers will pretend to be working for the local town or county to appear more legitimate. The homeowner should stay in control of the situation and not be intimidated by the person at their door.

- Never let them in your home.
- Be suspicious of unsolicited offers, and ask for identification.

- If work does need to be done, ask friends and neighbors who they would recommend. Be sure to get references, and only used licensed contractors.
- Never pay the full amount up front. Pay as the work is completed according to the contract.
