## SIMPLIFY YOUR TAXES WITH ASSET

The Asset widget within our Bank of Cashton mobile app can help you simplify your taxes and end of year financial analysis! Within the Asset widget your transactions have been categorized, so this will help you quickly and accurately find totals for your tax deductions. Easily filter transactions, export into an Excel spreadsheet, then keep for your records or take to your tax preparer. Asset lets you keep accurate records of where your money comes in and goes out, allowing you to analyze your spending and create a plan for the new year! Download the Bank of Cashton app for free!

\*\*Deposit limits and other restrictions apply \*Online banking enrollment is required for the mobile app \*Bank of Cashton does not charge a fee for mobile banking or mobile check deposits \*Normal account transaction fees may apply\*\*

## TELEMARKETER SCAM WARNING

Scammers will target people in an effort to obtain financial information by claiming to be from an important institution such as a credit card company, Microsoft, Social Security Administration, Internal Revenue Service, phone company, power company, and so on. Never feel pressured to commit to anything over the phone.

- Don't rely upon caller ID to let you know who the call is coming from. Technology today allows for calls to be masked and appear to be from a number you know or can associate with, but it is not.
  - Never give out personal information to an unsolicited caller. Never provide birthday, social security number (even the last 4 digits), your mother's maiden name, pet's name, bank account information or anything that can be used as password or identifying information.
  - Hang up and contact the company the caller claims to be with directly if you feel you need to talk to them. Refer to your copy of your phone bill, power bill, or the number on the back of your credit card or bank card to initiate contact.
