Traditional IRA - The Traditional IRA allows you to defer taxes on the earnings of your contributions until they are withdrawn. Also, depending on eligibility, contributions are tax deductible in the tax year for which you make them.

Roth IRA - The Roth IRA allows only non-tax-deductible contributions and features tax-free withdrawals for certain distributions after a five-year holding period.

Opening an IRA can be a very important step in implementing a retirement savings plan and can help you meet your goals of investing for growth,

income, or both. IRAs have many tax benefits as well, so let our experienced representatives help you rollover your current IRA or help you start an IRA plan.

BRANDON CORCORAN

A Roth IRA is a retirement savings account that has a different tax treatment than most traditional retirement savings accounts. In this type of account, you do not get any tax deduction in the year that you make a contribution. The benefit is that once the money grows and you are ready to take it out to spend you don't have to pay taxes on it. Call Brandon Corcoran, investment

advisor located at the Bank of Cashton, at 608-654-5121 to see if a Roth IRA would work for you!
