CHARITY SCAMS

While there are many charities that are worthy of donations, be sure you are clear on who is receiving your donation.

- Verify the charity before making any donation by checking with your Attorney General's office.
 - Know what the charity is doing with your contribution.
 - Avoid charities that will not answer questions or provide written information about their programs or finances.
 - Talk with family, friends, or trusted sources before giving to charity.
 - Do not give "on the spot" before doing research.
 - Use a credit card to give donations. Never give cash or purchase gift cards for payment.
