SPRING CLEAN YOUR FINANCES

1. Start with your Budget. Since your budget is probably the most important piece of your financial planning, start here. Do you notice any problem spending areas? Or are there any areas where you're budgeting more than you need to? Adjust your budget accordingly. Need help? Download our ASSET app to help you manage and follow your budget.
2. Clean up your accounts. Now is a great time to consolidate accounts, get rid of unused accounts and toss dusty, old checks and statements. Ann, Brandon or Ashley are happy to help you! Call us to set up an appointment, (608) 654-5121!
3. Opt for less paper. Most accounts these days – whether checking accounts, utility accounts or student loan accounts – have a paperless billing option. Not receiving all those paper bills in the mail (especially

if you log online to pay bills, anyway) can cut back on those piles of paper taking over the kitchen counter. Want to receive your bank statements electronically? Log into your online banking or call us at (608) 654-5121!

WHAT IS AN HSA?

- Health savings accounts (HSAs) are like personal savings accounts, but the money in them is used to pay for health care expenses.
- An HSA gives you a triple tax break: Your contributions are sheltered from income taxes, the money grows tax-deferred, and the funds can be withdrawn tax-free for medical expenses.
- Open Your HSA Today! Please fill out the Health Savings Account Application or call Ann Kaiser at (608) 654-5121 for answers to all of your Health Savings Account questions.

GET OUR BANKING APP

- > Transfer between accounts
- > Person to Person Payments
