## TEACH CHILDREN TO SAVE DAY

## TEACH CHILDREN TO SAVE DAY IS APRIL 27, 2023

This day is designated to encourage children to save money and build good saving habits. Teaching good financial habits from a young age can make a great impact for future savings.

## TIPS TO ENCOURAGE CHILDREN TO SAVE

1. Make a Savings Goal Chart - Once you know what your child wants to save for, figure out how many weeks it will take and make a chart. You can represent each week with a box and your child can put a sticker in that box once the money from that week's allowance is set aside.
2. Set a Good Example - One of the best things you can do is let your child see that you save money too.
3. Match Your Child's Contributions - A "savings match" can be a great way to encourage your child to save extra money and get an early peek at the benefits of a company match for a retirement savings program like a 401k.
4. Open a Savings Account - Whenever you would like to open a savings account, we are happy to help! Learn more about our Savings Account!
